4. The next case considered by the Board was a request from Mr. [REDACTED] to be removed from participation in CIARDS and returned to participation in the Civil Service Retirement System. 5. The final case considered by the Board was an appeal for designation in CIARDS from Mr. [REDACTED] who had been 25X1A declared ineligible by his Career Service based on insufficient qualifying service. Mr. [REDACTED] has been with the Agency for 5 years and 7 months and has completed 17 months and 15 days of overseas service. He stated that except for a ten month PCS tour he has been in a world-wide TDY standby status during his entire Agency career and he feels that there is justification for considering this time as qualifying service when one has performed substantial amounts of TDY and the duties performed have been in the direct support of clandestine activities abroad. He also stated that he had performed domestic TDY duty including audits of highly sensitive projects. He stated that when he travels he utilizes various cover arrange-

STATINTL

[REDACTED] that his service to date has been qualifying service as defined [REDACTED]. He petitioned, if he has misinterpreted the regulation, for a more liberal interpretation of qualifying service for those few who have world-wide travel requirements. Mr. [REDACTED] is scheduled for 25X1A additional TDY duty in early 1973 which will qualify him for participation in CIARDS. STATINT

The Board in discussing this case determined that TDY standby status under any circumstances is not qualifying service. The Board also determined that the hazards of travel did not meet the criteria specified [REDACTED]. The Board, therefore, recommended that Mr. [REDACTED] appeal be denied and that he not be approved for participation in CIARDS until he has completed sufficient overseas service.

6. The meeting adjourned at 4:05 p. m.
